Phase III U.S. Food and Drug Administration Clinical Trial
HOYA Corporation Medical Division
Tokyo, Japan (\$82,000)

Protocols Approved for Human Investigation

- 1988-1989 "Recognition-Equivalent Infant Visual Acuity - Phase I"

Approved by the Joint Committee on Clinical Investigation, Johns Hopkins University and Johns Hopkins Hospital

1988-1989

"Recognition-Equivalent Infant Visual Acuity - Phase II"

Approved by the Joint Committee on Clinical Investigation, Johns Hopkins University and Johns Hopkins Hospital

1988-1989

"Recognition-Equivalent Infant Visual Acuity - Phase III"

Approved by the Joint Committee on Clinical Investigation, Johns Hopkins University and Johns Hopkins Hospital

1992-1994

"Investigation of Possible Ocular Toxicity of Glimepiride"

Hoerchst Roussel Pharmaceuticals Inc. HOE 490 Protocol 301 Amendment II

Approved by the UCLA Human Subjects Protection Committee

1993-1994

"The Role of Preoperative Antibiotics in Cataract Surgery" with Steven O. Rimmer, MD and Leonard Apt, MD

Approved by the UCLA Human Subjects Protection Committee

1998-present

"Functional Visual Outcomes of Cataract Surgery"

Approved by the UCLA General Campus Human Subject Protection Committee

1999-2000

"Clinical Evaluation of the Staar Surgical Implantable Contact Lens for Myopic and Hyperopic Patients" with Michael Olson, OD, PhD

Phase III U.S. Food and Drug Administration Clinical Trial, approved by the UCLA Medical Human Subjects Protection Committee

2001-2004

"Clinical Evaluation of the OCULAID Endocapsular Tension Ring (CTR) for the Management of Zonular Weakness or Dialysis during and/or after Cataract Extraction" with Michael Olson, OD, PhD

Phase III U.S. Food and Drug Administration Clinical Trial, approved by the UCLA Medical Human Subjects Protection Committee

2002-2004

"Clinical Investigation of the ACRYSOFF® Single-Piece Toric Intraocular Lens" with Michael Olson, OD, PhD

Phase III U.S. Food and Drug Administration Clinical Trial, approved by the UCLA Medical Human Subjects Protection Committee

2002-present

"Ophtec Model 311 Iris Reconstruction Lens for the Treatment of Visual Disturbances Resulting from Partial and Complete Absence of the Human Iris" with Michael Olson, OD, PhD

Phase II & III U.S. Food and Drug Administration Clinical Trial, approved by the UCLA Medical Human Subjects Protection Committee

2002-present

"Use of a new Device (Morcher Aniridia Implant) for Treating Light and Glare Sensitivity in Partial or Complete Aniridia" with Michael Olson, OD, PhD

Compassionate Use Individual Device Exemption from the U.S. Food and Drug Administration, approved by the UCLA Medical Human Subjects Protection Committee

2003

"A Controlled, Randomized, Multi-Center, Observer-Masked Study of the Safety and Efficacy of a Next Generation Ophthalmic Viscosurgical Device during Cataract Extraction and IOL Implantation Surgery" with Michael Olson, OD, PhD

Phase III U.S. Food and Drug Administration Clinical Trial, approved by the UCLA Medical Human Subjects Protection Committee

2003-2004

"Safety and Efficacy of Zero Diopter Lens Implantation in Highly Myopic Eyes" with Marcela C. L. Pomberg, MD

- 2003-2004 "Functional Visual Outcomes of Cataract Extraction in Monocular versus Binocular Patients" with Marcela C. L. Pomberg, MD
- 2003-2004 "Phacoemulsification and Lens Implantation after Pars Plana Vitrectomy and Scleral Buckling" with Tanuj Nakra, MD
- 2003-2004 "Comparison of Methods of IOL Power Calculation in Highly Myopic Eyes: IOL Master versus Immersion A Scan Ultrasound" with Tanuj Nakra, MD
- 2004-present "Clinical Study of Implantation of a UV-Absorbing Acrylic Posterior Chamber Intraocular Lens" with Michael Olson, OD, PhD
Phase III U.S. Food and Drug Administration Clinical Trial, approved by the UCLA Medical Human Subjects Protection Committee
